END OF FIRST TERM EXAMINATION

BASIC 7 COMPUTING – TERM 1

PART I

1. The main electronic component used in the first generation of computers was
A. Tape
B. Wire
C. Gum
D. Vacuum tube or valve
2. At what period of time were second generation of computers used?
A. 1940 to 1970
B. 1959 to 1965
C. present to future
D. 1945 to 1956
3. The type of technology used in third generation computers was
A. Integrated circuits
B. Transistors
C. Vacuum tubes
D. Microprocessors
4. The first-generation computers were
A. Very cheap
B. very portable
C. based on integrated circuits
D. very expensive
5. Which of the following is not an ICT tool?
A. printer
B. television
C. radio
D. desk
6. The main technology used in the second-generation computers was
A. Vacuum tubes
B. Microprocessors
C. Transistors
D. Integrated circuits
7. Which generation of computer dated from 1946 to 1959 A.D?
A. Fourth
B. Fifth
C. Second
D. First
8. What was replaced in place of transistors in 3rd Generation Computers?
A. IC
B. CPU
C. RAM
D. Capacitors
9. UNIVAC is an example of computer.
A. third Generation
B. second Generations
C. First Generation
D. fourth
10. Fifth generation computers are based on which of the following?
A. Vacuum tubes
B. Integrated circuits
C. Microprocessors
D. Artificial intelligence
11. A folder that is located in another folder is called a/an
A. inside folder
B. small folder
C. subfolder
D. baby folder
12. Touchscreen is used in the following areas except
A. smart phones
B. ATMs

- C. smart televisions
D. CRT monitors
13. Which of the following items is not located on the default taskbar?
A. date
B. clock
C. title bar
D. start button
14. Opening an application can simply be termed
A. deleting
B. dragging
C. installing
D. launching
15. A folder name can contain the following **except**
A. ?
B. &
C. #
D. %
16. The button is used to exit an application window.
A. Close
B. Exit
C. Start
D. Power
17. The picture that forms the background of the computer desktop is called
A. Wall picture
B. Background paper
C. Wallpaper
D. Wall image
18. represents a picture programs and files on the desktop.
A. Button
B. Icon
C. Folder
D. Wallpaper
19. Dragging a file into a folder on the desktop is equivalent to
A. copy operation
B. remove operation
C. cut operation
D. delete operation
20. One of the following is **not** a word processing application.
A. AbiWord
B. Excel
C. WordPad
D. MS Word
21. Which of the following is not an input device?
A. Keyboard
B. Clock
C. Light pen
D. Barcode reader
22. The sends commands into the computer.
A. Keyboard
B. Pen drive
C. Printer
D. System unit
23. There are function keys on the computer keyboard.
A. 11
B. 12
C. 13
D. 14
24. One feature of the taskbar is
A. wallpaper
B. title bar
C. start button
D. menu bar
25. The RAM is a component of the
A. System unit
B. System tray
C. Printer
D. Monitor
26. Select the one with the highest storage capacity.
A. HDD
B. FDD
C. CD ROM
D. None

27. is a container for storing files on the computer.
- A. Briefcase
 - B. Folder
 - C. Drawer
 - D. Envelope
28. Which of the following components stores information for future use?
- A. Printer
 - B. Plotter
 - C. Mouse
 - D. Hard drive
29. The is used to produce output in softcopy.
- A. keyboard
 - B. printer
 - C. monitor
 - D. plotter
30. To select a line of text in word processing, on the line.
- A. triple-click
 - B. double-click
 - C. click
 - D. quadruple-click
31. Which of these keys on the keyboard is used to delete text?
- A. Spacebar
 - B. Shift
 - C. Backspace
 - D. Enter
32. Which of the following commands is used to move a text within the same document?
- A. Copy and write
 - B. Copy and paint
 - C. Cut and paste
 - D. Write and paste
33. To type in uppercase, the user should press the key.
- A. tab
 - B. caps lock
 - C. enter
 - D. alt
34. The key on the keyboard that is used to delete characters from left to right of the cursor is
- A. Backspace
 - B. Spacebar
 - C. Delete
 - D. Remove
35. Which of the following software can aid students to improve on their typing skills?
- A. Explorer
 - B. Opera
 - C. Encarta
 - D. Mavis Beacon
36. Identify this image.
- A. Joystick
 - B. Webcam
 - C. Printer
 - D. Monitor

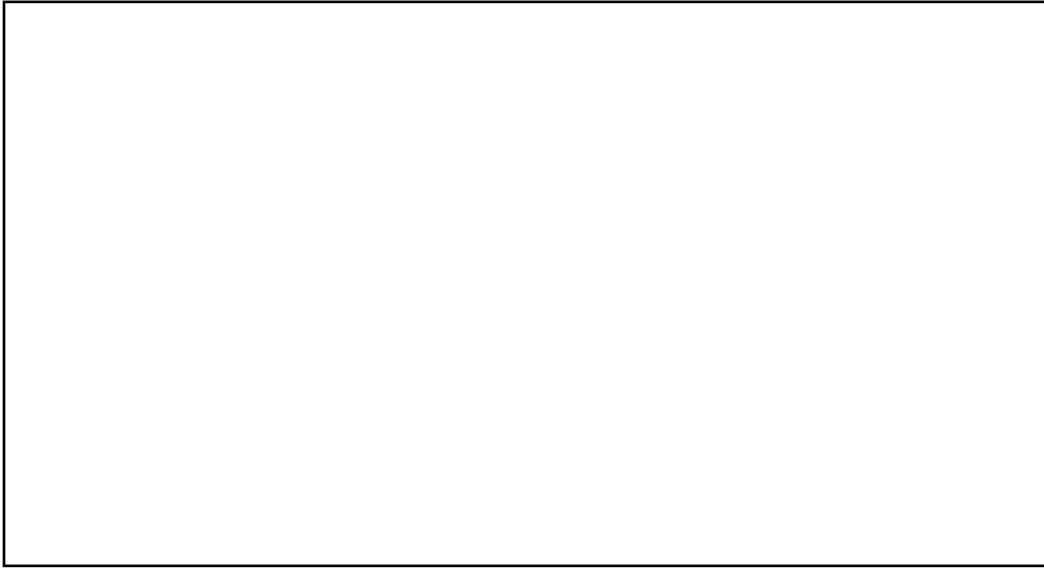

C. dizziness

D. hearing impairment

PART II
SECTION A
Compulsory (24marks)

1. a) Draw and label the computer mouse in the space below. 7marks

- b) State three examples of mouse skills. 6marks
- c) Mention two types of computer mouse. 4marks
- d) In the absence of the mouse, the keyboard can perform it's function. Name the keys on the keyboard that can perform mouse functions. 3marks
- e) The mouse is a pointing device. Name two other pointing devices. 4marks

SECTION B

Answer three (3) questions from this section

- 2. a) Give four examples of input devices. 4marks
- b) Mention four examples of output devices. 4marks
- c) Write down two examples of each of the following; 4marks
 - i) file extensions
 - ii) Word processing software
- 3. a) Write these computing acronyms in full; 4marks
 - i) DVD
 - ii) HDD
- b) Give two reasons for organizing files in a folder.
- c) Identify the steps involved in creating a new folder on the desktop. 4marks
- 4. a) State Three differences between the first and third generation computers. 6marks
- b) State three advantages of the LCD monitor. 6marks
- 5. a) What is *Desktop*? 3marks
- b) Identify three features of the windows desktop. 3marks
- c) Complete the table below; 6marks

Action	Keyboard shortcut
	Ctrl + B
Print a document	
Save a document
