When you press the Tab key, Word inserts a tab character and moves the insertion point to the tab setting, called the tab stop.</p> <p>Line spacing determines the amount of vertical space between lines of text in a paragraph. By default, lines are single-spaced, meaning that the spacing accommodates the largest font in that line, plus a small amount of extra space. Paragraph spacing determines the amount of space above or below a paragraph.</p>	<p>Through questions and answers, conclude the lesson.</p>
