BASIC 8

WEEKLY LESSON PLAN – WEEK 6

Content Standard:	B8.1.3.1 Demonstrate understanding of the basic concept of Environmental health				
Indicator (s)	B8.1.3.1.1: Discuss the causal factors, effects and prevention of desertification and deforestation		Performance Indicator: Learners can take preventive measures to stop deforestation and desertification.		
Week Ending	18-10-2024				
Class	B.S.8	Class Size:		Duration:	
Subject	Career Technology				
Reference	Career Technology Curriculum, Teachers Resource Pack, Learners Resource Pack.				
Teaching / Learning Resources	Pictures, Poster, Video, Power Point Presentation.		Core Competencies:	<ul style="list-style-type: none">• Communication and Collaboration.• Critical Thinking and Problem Solving.• Creativity and Innovation	
DAY/DATE	PHASE 1 : STARTER	PHASE 2: MAIN			PHASE 3: REFLECTION
MONDAY	Write keywords or terminologies in the lesson on the chalkboard, Learners brainstorm to explain keywords or terminologies.	<div><div><div>1. Assist Learners to identify 5 preventive measures of deforestation.</div><div>2. Learners in small groups to explain the preventive measures of deforestation.</div><div>3. Assist Learners to role play on how to prevent deforestation.</div><div>4. Show video of ways of preventing deforestation to the Learners.</div></div><div>Preventive measures of deforestation;<ul style="list-style-type: none">• Plant a tree.• Use less paper.• Recycle paper and cardboard.• Use recycled products.• Buy only sustainable wood products.• Don't buy products containing palm oil.• Reduce meat consumption.• Do not burn firewood excessively.</div><div><div><div>Preventive Measures of Deforestation</div><div><div>Educational Campaigns</div></div><div><div>Reforestation</div></div><div><div>Rules and Regulations</div></div><div><div>Renewable Forest Resources</div></div><div><div>Reduce Paper Consumption</div></div><div><div>Eco-friendly products</div></div></div><div>www.earthreminder.com</div></div></div>			Through questions and answers, conclude the lesson. Exercise; Explain 5 preventive measures of deforestation.

THURSDAY	Review Learners Knowledge on the previous lesson.	<ol style="list-style-type: none"> 1. Show video and Pictures of ways of preventing desertification to the Learners. 2. Discuss 5 preventive measures of desertification with the Learners. 3. Assist learners to explain 4 desertification measures. <p>ways to prevent desertification:</p> <ol style="list-style-type: none"> 1. Regarding aridity: Limit the personal carbon footprint and participate in voluntary actions of reforestation and restoration of the natural environment. 2. Regarding erosion: In the countryside, do not walk or ride a bike, let alone in a motor vehicle, outside the authorized roads. 3. Stock Breeders, farmers and foresters must avoid bad practices that lead to soil loss. 4. With regard to forest fires: respect the legislation on clearing scrub and burning of stubble. 5. Avoid driving off road in a motor vehicle. Do not make bonfires or barbecues or throw waste in nature. 6. Regarding the overexploitation of aquifers: consume seasonal and local products, which, in general, require less water consumption. In many places, aquifers are plan B for household supply in the event of a drought. <p>Measure of Desertification Management</p> <ol style="list-style-type: none"> 1. Research and monitoring (indigenous Knowledge, Community forestry) 2. Land Use Planning/Land Use Zonation 3. Dry land Cropping Strategies 4. Appropriate forest management strategy 5. Renewable energy technology/alternative energy promotion 6. Emphasizes on people's participation 	<p>Reflect on the need to prevent deforestation and desertification.</p> <p>Exercise;</p> <p>Explain 5 preventive measures of desertification.</p>
